

# Area of a Triangle Puzzle

## What has four wheels and flies?

Step 1: Calculate the areas of the following triangles, correct to one decimal place. If more than one step is required to find the area, do not round until the final step.

Step 2: Write the letter corresponding to each answer in the spaces below.

50.5	38.0	13.5	688.1	17.7	413.2	3.2	98.2	232.0	6.9	6.8	31.6	36.7
